# ABOUT US

**Fresh Produce Displays** is a subsidiary of Grant Austin Group Pty Ltd, an Australian-owned and operated organization established in 1973.

In 2002, the owners of Grant Austin Group Pty Ltd started **Fresh Produce Displays** with the ethos of reducing the amount of fresh produce going to landfill.

Over the last 20+ years, we have developed a range of products that not only reduce the amount of shrinkage in store but we have also been able to manufacture and supply products that give you award-winning displays. This, in turn, increases your sales whilst reducing your waste.

Our products are designed and tested to suit the Australian and New Zealand climates. We constantly innovate to ensure they are the best in the market.

*Our products offer a **proven solution** that will improve your bottom line by **increasing sales** and **reducing shrinkage**.*

## What we offer:

**Custom Design & Manufacturing**

**In-house & Overseas Production Facilities**

**Branding / Printing service**

**Injection Moulding**

**Plastic Fabrication**

**Steel Fabrication**

**Wood Fabrication**

At **Fresh Produce Displays**, we are constantly adding and updating our product range with even more revolutionary new display products (over 40 new products have been added to this catalogue).

Our friendly team has extensive knowledge and is committed to working with you to help solve your display and merchandising needs. We look forward to an exciting future together.

# Bin Topper Extensions

The new clear-front Bin Topper Extensions are an innovative and versatile solution designed to enhance your produce storage and display capabilities

- **Optimised Space:** It offers an extension from the existing Bin Topper, allowing you to maximize the utilisation of your produce bins. The Bin Topper Extension goes to the outside dimensions of your produce bins (not just the inside), which allows more room for display products such as baskets and wooden crates.
- **Continuous Flow:** You can now create a seamless flow, making multiple produce bins, literally appear as one. This guarantees a smoother customer experience, facilitating efficient movement while shopping and ensuring a visually appealing display.
- **Clear Front Design:** Featuring a clear front that provides a modern and upmarket feel to your produce display area and enhances the visibility of your products, attracting customers and encouraging purchases.
- **Cost-Effective Revamp:** By investing in Bin Topper Extensions, you can transform your produce area without the expense of purchasing entirely new produce bins.
